- Annual Revenue:** ISCA membership categories are scaled based on annual revenue. "Annual Revenue" is defined as "the gross income generated from operations within Australia and New Zealand from the sale of goods and services or any other source of capital or assets, interest earned, royalties and dividends, grants and funding (including project funding), which are received during the Australian financial year (July to June)."
- Not For Profit / Certified Social Enterprise:** To qualify for this category organisations must be a registered charity with the Australian Charities and Not-for-profits Commission (ACNC) or an equivalent organisation in the country where their organisation is located. Only staff of the organisation will be eligible for any membership benefits.
